

UNITED FOR JUSTICE AND DIGNITY

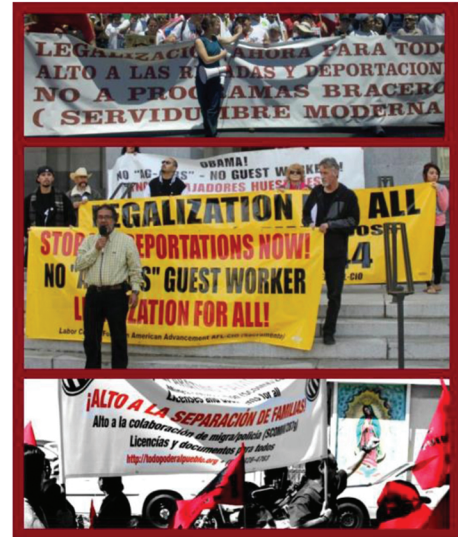

NATIONAL MIGRANT LABOR CONVENTION

SATURDAY, SEPT. 7, 2013, LOS ANGELES, CA

- *Do we want to spend almost \$50,000,000,000 to militarize the border?*
- *Do we want a new “Bracero” /Guest Worker program (modern indentured servitude)?*
- *Do we want to split up families, sending parents to Mexico?*

No!

- We want documents and permanent residency rights for all: the right to work, higher education, drivers’ licenses and public benefits for all.
- We want an immediate end to raids and deportations.
- We want a path to citizenship without undue delays, fees, back-taxes, restrictions, and penalties – no to “getting in the back of the line!”
- Workers must have the unconditional legal right to organize.
- No to E-Verify, Secure Communities [S-COMM], and other forms of Police-Migra collaboration.
- No to the military service ‘option’ (backdoor draft) for Dreamers

YES to a just and humane immigration reform that eliminates the terror and anxiety in our communities, respects and protects the human rights of undocumented workers, and eliminates the injustices our families face.

Join us!

The **United Front for Justice and Dignity** is a statewide network formed with the purpose of community education and the defense of working-class and immigrant communities across California. We are comprised of labor organizations, students, individuals, and grassroots political, cultural, and community groups that have united to fight for a humane and just immigration reform that won't compromise our basic dignity, civil rights, or social protections. Our efforts aim to obtain positive change, uplift the aspirations of working people, and truly better the living-conditions of our communities.
